March, 2018

It's almost **Spring** time I think Mother Nature doesn't want to give up on winter yet! We have gotten some much needed moisture this winter! It will help green things up! Time for flowers and garden work! My favorite. Nothing like eating fresh homegrown vegetables.

We are now on our second quarter of this fiscal year. The weather didn't allow for us to do much this winter, outside anyway.

We will be setting up a booth at the Family Unity Day on April 13, 2018 at the Community Center! They are always a lot of fun! See you there. We will also be doing a career Day at the High School.

The Former Housing Authority Cleanup Grant has been closed out. I am now working on a Cleanup Grant for the Old Durkin Curve Site for the next Cleanup grant cycle.

I check my sites every quarter and no new dumping has accrued at any of the sites. I give a **big thank** to the public. It's up to us to keep our homeland litter free.

Our office is always looking for new sites. If you know of any please let me know.

If you want to know anything about the Brownfields Program or need information about anything such as mold, asbestos, lead or the environmental. Please stop in and see me at the EPO Office. I would love to visit with you and show you what we do. Please check out our website lbst-epo.org.

Thank you all for your support of our program.

Brownfields Coordinator Mary Jane Gourneau
